

TLC-35TC Network Keyboard

Product overview

TLC-35TC is a true sense of the network PTZ keyboard controller, with strong handling, solve the current mouse click issue on controlling the PTZ not accurate and inconvenient effectively. The surface of the network keyboard adopt metal aluminum wire drawing with high-end atmosphere and the unique surface hardening can effectively prevent scratches. Using the industrial class blue screen LCD screen makes the display excellent and the characters much clearer and delicate. TLC-35TC network keyboard support standard ONVIF protocol, good compatibility, powerful scalability, built-in web server makes the configuration interface simple and clear, easy to operate, just a few steps to achieve the perfect control of the network dome cameras.

Feature Description

- Support network protocol, enjoy separate IP address
- Support Onvif protocol, achieve to control the front-end ptz cameras
- Support adding ip devices when keyboard offline, also support auto searching ip devices
- Max can control 253pc ip devices in the same network segment
- Support operating ip ptz many functions, such as focus, zoom, iris, preset, patrol and so on
- Support IE browser on adding configuration of front-end device parameters
- Import photoelectric joystick
- 160x32 blue dot LCD display

Technical specification

Model Number	TLC-35TC
Power supply	DC12V-2A/inside +outside -
RS485	3.81 terminal, TA,TB
RS232	DB9 mail head
Ethernet	1x Ethernet interface, IEEE 802.11b/g/n
Support protocol	Onvif2.4
Browser	IE, Firefox, Chrome, Safari and so on
Working temperature	0°C~55°C / 14°F~131°F
Working humidity	20%~80% frostless
Storage Temperature	-10°C~60°C / 14°F~140°F
Storage humidity	0~90% frostless
Certification	CE, RoHS, FCC
Warranty	One year

Product Dimension(mm):
