Full HD Video Conferencing Camera

MEET+ 12820/1080p60/USB&HDMI/Power via USB-C

Key features

- 1080P/60FPS output: Equipped with advanced image processing technology and cutting-edge video camera algorithms, the 12820/1080p guarantees smooth image transmission.
- 2x12m optical zoom: Focused with an optical quality of 2x12m, the camera can capture the participants at a distance of 25 meters, allowing the participants to occupy 1/3 of the screen to display an optimal clear and friendly.
- USB and HDMI output: The 12820/1080p can output a signal directly via USB or HDMI, which can adapt to different application scenarios on the same time.
- Power via USB-C: As a new design, the MEET+ 12820/1080p output can be powered by USB-C directly, with no need for the power supply adapter, which reduces the need for messy wires and adds up to 20% output power, video, and control.

Application

- Smarts and client-side PTZ movement

Thereto, the seamless and sophisticated mechanical design, and advanced driven algorithm, MEET+ 2022 can make very smooth without any visible or audible room speed.

Specification

- Resolution: 1280x720@60fps (1080P)
- Lens: F=5.1mm, f=25mm, Optical Zoom: 2x12m
- Interface: HDMI 1.4, USB 3.0, RJ45, Power in
- Audio: Built-in microphone, 360° pickup, 5m range, Volume control
- Power: 5V 2.5A, 10W
- Dimensions: 290x180x120mm
- Weight: 2.5kg
- Camera: Sony IMX327, 1/3" CMOS, 4MP, 1080P Full HD, 60 FPS, 2x12m Optical Zoom, F=5.1mm, f=25mm
- Encoder: H.264, H.265, MJPEG
- Frame Rate: 60 FPS
- Operating Temperature: 0°C to 40°C
- Storage Temperature: -20°C to 85°C
- Humidity: 10% to 90%
- Compatibility: Windows, Mac, Linux, Android, iOS
- Support: Multi-language, Remote Control, Video Conference, Whiteboard, or Presentation Mode
